

SAC Meeting Notes
August 18, 2021, 9:00-3:00

Present at MAT: Doug Bradburn, Zac Sawyer, Julie Heinsman, Matt Sawatzky, Missy Basnett, Scott Finch, Dan Kim

- **Accountability, Prayer, & Campus Reports:**
- **SWA Data** - 2021 Spring GSA, 2020-2021 Spring MAP Test, PSAT
- Curriculum Maps - Discussion revolved around why these maps are important and how we can best support this project.

Quote from the Accreditation report:

While the school has broad curriculum guides for each subject area, written curriculum requirements provided as evidence for each course are incomplete. Required elements are missing both in the curriculum guides and in the few more focused unit plans evidenced, which are partially written for many of the core subjects. Given such limited curriculum documents, assessment data to reflect on and modify curriculum cannot be done with fidelity. (curriculum guides; curriculum website; interview with Director of Learning)

There are three goals for this project which need to continue being clearly articulated to all staff.

1. Accreditation.
2. One Stop Curriculum
3. Resource for New Teachers

- **2021/22 System Meeting Dates Revised:**
 - PSAT Date - Tuesday, Oct. 26
- **2021-2022 SIP Strategies:**
